Chapter Summary

Quackity lets out the loudest scream he's ever let out, and that says a lot. Luckily, everyone around him is screaming, so no one turns to look at him until he stands up and whips around, gaining a few glances but nothing more. There's a boy standing there, arms crossed and a slight grin pulling at his lips. He has orange hair, and a belt that very clearly has a knife strapped to it.

Quackity looks him over one, twice, and then thrice before letting out a long breath.

"Fucking Fundy."

Skeppy- bad, wanna meet up?

Bad- Wait, really? 0//0

Skeppy- ill pick you up and bring you

Bad- I need to think about it

Skeppy- LITERALLY MEET UP WITH ME

George doesn't want to be here.

He decides it early on, after sitting down. It's packed. All the seats are filled, and there are students loudly chattering and God George literally hates college kids-

He shakes his head, taking a deep breath and trying to focus on the projectors. He immediately notices which one is Sap, and he can't help but snort. His looks match him perfectly, with the white bandana tied around his head and the stubble under his chin. It just makes *sense*. Before George knows it, the game is starting, and Sap is loudly yelling over the students screams. Yep, that's definitely him.

To his right, he makes out a distinct little voice shouting out, "You got this, Sap!! C'mon! Do it for- for um- the *Gay-mers*!"

The same time this is being shouted, a voice beside the male yells out a, "Get fucked, bitch! You're gonna fucking *lose*!"

George glances over at the duo. A petite brunette male sitting next to a ridiculously tall blonde child. The shorter of the duo punches what seems to be his best friend's arm, giving him a pout.

"Shut up, Tommy!! He's so gonna win!"

"Ouch- *Toby*!" Tommy growls out, shifting on his seat. George stares at them curiously for a moment before it settles on him who the duo are. "I'm just pointing out the obvious! He probably sucks!"

"Tubbo...?" George mutters out, voice a bit confused, brows furrowed. The male whips his head around quickly, catching George's gaze. George offers up a slight smile.

"Hello!" Tubbo greets. Yeah, that's Tubbo for sure. The other one is so Tommy, especially with the fact of Tubbo literally calling him the name. "I don't think I've spoken with you before! How'd you know my nam-"

"Uh- it's George," George greets, rubbing the back of his neck. Tubbo looks perplexed for a moment before beaming, smiling widely at the male.

"George!" He shouts, before grabbing Tommy's arm that is currently shooting a middle finger Sap's direction. "Tommy! It's George! From the chat!"

Tommy looks over, before giving George an up and down. George shifts. *What the fuck?*

Tommy only grins, nudging Tubbo's shoulder. "Mans is almost shorter than you."

"Shut up, Tommy!" Tubbo shouts, but there's still a wide smile on his face as he turns to George.

"This is- it's- it's Pogchamp!"

Quackity is exhilarated. The fact that he's watching his friend 1v1 a teacher on Fortnite is fucking

hilarious to begin with, but the fact that the teacher is so far in the lead? Now that's comedy fucking gold.

The seat beside him gets taken by a stumbling boy, who's profusely apologizing to the people he passes. Quackity doesn't mention that Schlatt had been sitting there, assuming the male had probably run off, knowing him. He doesn't spare the male beside him any attention other than a smile his way, and a compliment to his multicoloured sweater. The brunette only smiles back, letting out a high pitched laugh as he turns to see Sap die again. Maybe he knows him too, who knows?

Over all of the cheering, though, Quackity can hear the boy beside him, who's leaped out of his seat the moment Sapnap had finally won a game after a lose streak of four. The male is yelling loudly, clapping, and Quackity can just make out the words he says.

"C'mon! You can do this Sap-! That's my honkin' fiance!"

Quackity inhales quickly from his nose, turning to him with wide eyes. "Karlos?!"

The brunette has just sat back down before looking at Quackity. Is that what Quackity looks like right now? The male's eyes are literally *bugging* out of his face.

"Quackity?"

Yep, it's definitely his Karlos.

"What the fuck is up, dude?!" Quackity grins like a maniac, punching Karl in the shoulder. Karl giggles wildly, a huge smile on his face.

"Praying my fiance can bring home the big bucks. It sucks being the housewife."

Quackity lets out a wheeze, and there's a cleared throat behind him. "Hello, Quackity."

Quackity lets out the loudest scream he's ever let out, and that says a lot. Luckily, everyone around him is screaming, so no one turns to look at him until he stands up and whips around, gaining a few glances but nothing more. There's a boy standing there, arms crossed and a slight grin pulling at his lips. He has orange hair, and a belt that very clearly has a knife strapped to it.

Quackity looks him over one, twice, and then thrice before letting out a long breath.

"Fucking Fundy."

Bad is nervous. He can't help it. This is the first time he's meeting Skeppy, and the other male is so casual with it as if Bad isn't 3 seconds away from a panic attack. He's slinging his arm around Bad, and looking at him with wide smiles and *oh God Bad might throw up oh no-*

"Hey, guys!" There's a voice and seriously, the Muffin God's must be sparing him because that's a voice he recognizes. He turns around, faced with Vurb. He had spoken to the male multiple times, often VCing since Skeppy added him to the group chat and invited him to their Minecraft server.

"Vurb!" Skeppy beams, scooching closer to Bad when Vurb tries to squeeze between them. Vurb just huffs out and lays himself over their laps. Bad doesn't question Skeppy's closer movement to him, only giving him a nervous smile. Skeppy smiles back, patting over Vurb's face.

“I thought you were with Zelk and the other’s.”

Vurb cackles at that.

“Oh, so Zelk’s the leader when you’re on the dates, Mr. Hotshot?” Vurb teases, and Bad tilts his head in confusion.

“... this is a date?” He asks obliviously, fidgeting with Vurb’s shirt subconsciously. Vurb gasps dramatically, turning to Skeppy.

“Oh my God, you didn’t tell h-”

He’s interrupted when he’s flung to the floor- Skeppy is on his feet, screaming loudly and clapping. Bad quickly looks over.

Huh.

Sapnap’s in the lead.

Schlatt’s with Minx. He wants to be *literally anywhere else*.

Minx is his friend, kind of. Schlatt doesn’t remember agreeing to call her every night, but that’s fine. It’s fine. He gets to make fun of her every call, which is the only plus side.

For a long time they’ve stuck to calls, only hanging out occasionally. The hangouts are planned every time, and usually with Austin, a mutual friend, or one of Minx’s E-girls.

Yet, here he is, walking beside her, as she rants about wanting to introduce him to someone. He, surprisingly, would prefer to be with Quackity in the moment.

He sighs and fixes his collar.

“Are you even focking listening to me?” Minx asks, looking at him with a glare. He almost shudders at the accent. She’s fucking *annoying*, he thinks.

“Was busy staring at your tits.” He responds easily, getting a punch to the shoulder. When he looks up there’s a tall male in a beanie and a girl about Minx’s height with blonde hair.

“This is Niki and Wilbur. You would know if you were fockin’ listening to me.” Minx grumbles, arms crossed. Niki gives her a smile and her stature immediately shifts as she goes to speak to the girl, leaving Schlatt and- this Wilbur kid. He’s heard the name- most likely someone Tommy knows. Tommy fucking knows everyone.

“Hello, Schlatt,” Wilbur greets, stepping up closer. “I believe I’ve seen you on the school Twitter speaking quite passionately about politics.”

“That would be me.” Schlatt nods, looking Wilbur over. He’s tall, wearing a yellow turtleneck and a red beanie. He seems chill. Schlatt doesn’t normally speak with chill people. He speaks with people like Quackity. He hates it.

He makes note of the guitar, deciding he’ll question it later.

“So, what did you do today?” Wilbur asks, leaning up against one of the railings. Niki and Minx are back with them now, Niki smiling softly as Minx looks them over.

“I ate a Hot Pocket,” Schlatt claims, humming softly. Minx is glaring holes in his head, almost threateningly. Almost a challenge, a way to say Schlatt won’t do something dumb or idiotic.

Yeah, Schlatt’s definitely doing something idiotic. He always does.

“Oh?” Wilbur tilts his head. Schlatt takes note that he looks like a lost puppy. “Do tell me more, Mr. Schlatt. I want to know everything.”

Schlatt grins, and he can’t help but lower his voice as he tells Wilbur everything there is to know about Hot Pockets. Wilbur lowers his voice too, and it takes everything in Schlatt not to absolutely cackle.

Minx screams for them to stop the longer the conversation goes on. They ignore her, continuing as Niki only giggles at the interaction.

This Wilbur guy isn’t too bad.

Dream’s eyes are set on the floor, occasionally flickering up to check the scoreboard. Sap is winning by two games- this teacher is better at Fortnite than any of them would have guessed. The students on the bleachers are all screaming, but there’s also stragglers just hanging out with their friends around the walls. Dream’s one of them, leaning up against the back wall as he wishes this would go by faster. It’s not that he doesn’t find this entertaining as fuck, he just doesn’t feel like dealing with people today. Specifically-

“Hello.”

Well, fuck.

“Hey, Techno.” Dream glances at the male who’s beside him. Techno looks back at him, face as straight as always.

“What’s got you here?”

Okay, he’s not looking to start another duel. That’s good. Last time they had one of those, Dream broke his wrist and Techno’s ankle was sprained.

“I know the kid who’s versing the teacher,” Dream explains, and he can’t help but grin slightly when the calculus professor gets another win. Who knew Professor Eacott was good at Fortnite?

“Why are you here?” Dream redirects the question to Techno. The pink haired boy sighs, rubbing his temple.

“My brothers dragged me here.” He claims, pointing to the crowd. Dream can just make out two brunettes and a blonde boy cheering loudly and *oh*- Dream recognizes one of them. Cute, flustered cafe boy. He realizes Techno is pointing someone else out now, looking over to see a group of four at the right wall- two boys talking animatedly while one girl is fuming, the other girl just holding a wide smile. Dream also recognizes the boy in the beanie- the one cute flustered cafe boy had to get to take his order.

He needs an abbreviation. Dream inwardly settles on referring to the boy as ‘CFCB’ in his head.

“You were their ride?” Dream guesses, Techno nodding with a huff.

“Yep. Dad was at a meeting- he’s pissed he didn’t get a chance to watch. Apparently Professor Eacott is like, really fucking good at this. He games or whatever with Professor Vik and shit.”

Dream grins, looking back at the scoreboard. Sap’s behind by three points.

“Sap is gonna lose, huh?”

“Definitely. Professor Eacott is going easy on him.” Techno claims, hitting his head back against the wall. “I want to go home.”

“And tend to your potato farm?” Dream teases with a grin. Techno sends him a glare as Dream doubles over wheezing.

“Oh, shut it, you fu-”

The screams get louder as an alarm rings out. Times up.

Dream looks at the scoreboard.

Sap lost by five points.

Techno- So you're telling me you've been panicking because George from your group chat is the 'Cute flustered cafe boy', and you're upset about it because...?

Dream- because I fell in love at first sight with my CFCB and it turns out to be feisty George and i don't know what to do!

Techno- Maybe, like, tell him?

Dream- You're no help.

Techno- Wow. I know you're serious because you're using proper capitalization and punctuation.

Dream- I hate you.

Techno- Try visiting him at work. See how he is around you or whatever.

Dream- ...

Dream- I can try

Dream- thanks or whatever

Techno- Cya.

(Minecraft Gay-mers)

Quackity- the fact that Fundy followed me home is terrifying me

Fundy- I'm not even with Q anymore.

George- ... why?

Schlatt- We're watching Desperate Housewives

Fundy- I don't get Gabrielle's problem.

Fundy- Who the hell would cheat on their sexy, rich, Mexican husband?

Quackity- eyes emoji

Quackity- it gives me character

Schlatt- Makes sense

Schlatt- You need it

Quackity- I'm devastated

George- my shift starts at fuckign ndkj

George- WHAT KIND OF SHIFT STARTS AT 5 AM

Sapnap- george you act like you're not gonna be awake at that point

Dream- well, everyone's going to bed so

Dream- night, guys

Tommy- GOODNIGHT EVERYBODY I HOPE YOU ALL DIE IN YOUR SLEEP EXCEPT FOR TUBBO

Dream shouldn't be here.

He decides it as soon as he walks in and catches sight of George talking to Techno's brother, that Wilbur kid. Why did he have to take Techno's advice? The dude knows jack shit about being in a relationship. Dream doesn't even think the guy has had a genuine crush before. The most stable relationship Techno keeps is with his fucking potato farm.

Yet, Dream's feet drag him towards the counter. There's hardly anyone here, a couple in a corner booth and some lonesome man typing away on an out of date laptop. The general cafe is, well, warm. It has a welcoming atmosphere- Dream can't help but enjoy every aspect of it. There's chalkboard signs used to show the menu, and soft lanterns for the light source. It's genuinely just... *nice*. A place he can see himself spending hours upon hours sitting at. He didn't get a chance to thoroughly look at the home-y layout last time he was here, but now he wants to look at anything but George.

“Sir?”

Dream blinks twice, looking forward to see the petite male in front of the register and *oh*, Dream’s at the counter.

“Yeah?” Dream breathes out, running his fingers through his hair to attempt to calm himself. This is the same guy he sent fucking four thousand dollars to. The same guy who’s constantly cranky in the groupchat, the feisty bitch. This is the guy who literally has no sleep schedule, who’s either up at all hours or not awake at all.

He’s not some ‘CFCB’ he’s meant to meet once, fall head over heels for, and never meet again. It’s *George*. Dream has to keep reminding himself that.

“W- would you like to order something?” George asks, and he’s *blushing* for God’s sake. Dream gulps, trying not to pay too much attention to the pink coating the boy’s cheeks.

“I- Yeah,” Dream nods, tapping his fingers against the counter. He feels a vibration in his back pocket, and notices a phone on the counter lighting up. George glances at it before letting out a breathy laugh, seemingly calming down a bit.

“What would you like?” George asks, leaning slightly against the counter. Dream squeezes his nails into his palms, trying to remember how to speak. How can someone be *so* cute in person, yet so chaotic over text?

“Uh- what do you recommend?”

Dream can’t hide his grin as he listens to George ramble on about different items on the menu, speaking fast paced. Everything rolls off his tongue easily, and Dream can only hang on to every word. By the time George finishes, he’s smiling brightly at Dream, who has to push off an oncoming heart attack.

Yeah. Maybe he’s a simp. Who gives a fuck?

(*Minecraft Gay-mers*)

George- hhhhhhhhhhhhhhhhhhhhhhhhhhhhhhh

Quackity- is your shift really going that bad?

George- no

George- kind of

George- how am i supposed to breathe again

Sapnap- ????

George- remember the guy i told you about? who came into the cafe a few weeks ago?

George- well, he’s here and ohhhhh my god i dont know what to do

Tommy- Be careful, you’re going to make Dream jealous

Dream- shut up and eat my socks

Tommy- FUCK YOU BITCH BOY

Dream- and george, just like

Dream- ask if he needs anything else or something

Dream- he might open up conversation

George- are you sure?

Dream- nearly positive

George- thanks, dream. I think im gonna try that

Karl- good luck

Sapnap- you got this, george

Schlatt- Fundy, are you still on my roof?

Fundy- I'm currently in Quackity's closet.

Fundy- I think I'm gonna jumpscare him.

Schlatt- You're my favourite person here

Tubbo- :(

Schlatt- I want to legally adopt you.

George- what's your fucking snapchat you bitch

Dream- pxss.baby

Dream- do not make fun of me i made it in freshman year

Tommy- PISS BABY

Dream- god damn it

It's four in the morning.

George lets out an overexaggerated sigh as he leans back on the couch. The Incredibles 2 has been on loop for the past 6 hours, and he hates to say that he's not even surprised. He should have known what he was getting himself into going to Dream and Sap's to watch a movie. Plus, he has

work in two hours- but, as his gaze shifts to Wilbur, he decides he can calm down. The male is face first on the floor (George isn't quite sure if he's alive or not, but hey, if he's dead, that's just more shifts for George which means more money). Schlatt is laid over his back, sleeping soundly. George would be more surprised if Wilbur hadn't technically given them a warning about Schlatt actually being a clingy bitch.

His gaze shifts over to the armchair that Skeppy and Bad are sharing. The duo had barely managed to squish onto it together, which ended with one of Bad's legs thrown over Skeppy's lap, the latter having to fit an arm around his shoulder to stay comfortable. They're exchanging hushed whispers, screen forgotten. George can't help but admire it, the way they're looking at each other like no one else is in the room, even with Quackity pouting at their feet and occasionally letting out a curse word just to rile up Bad.

He's aware of Fundy on the other side of Dream (Yes, he sat beside Dream, but only because he didn't want to sit on the floor. It's not like he finds his voice oddly attractive or something). The shorter of the two is begging Dream to put on Treasure Island, which he has been doing for the past 4 hours, but the masked man won't budge. George finds it almost... ballsy? He himself would never be able to go against Fundy's wishes- what, with his scary demeanour and that fucking knife he keeps strapped to his belt at all times. It's almost like Dream is begging to be stabbed. George wouldn't put it past him.

Tommy and Tubbo are sitting at their feet, surprisingly not bickering over some dumb shit which they seem to do. Tommy took to Reddit halfway through the second replay of the movie, occasionally shoving his phone into Tubbo's face whenever he finds something laugh-worthy. George has taken notice that Tubbo is *concerningly* dedicated to this film, eyes not leaving the screen once unless prompted by Tommy. It's a strange dynamic, George decides, yet pretty fitting. They've obviously been close for a long time, and who is George to critique that?

He sighs softly, clicking open his phone. If he has to watch one more minute of this movie, he might kill everyone in the room. *It's an empty threat*, his mind reminds, but he ignores it as soon as he hears Sapnap snore across the room. Okay, maybe he won't kill *everyone*, but Sapnap will be done for if he doesn't stop snoring within the next two hours. Karl's been leaning against the bandana wearing male since about 3 hours ago, the latter happily letting him. He'd only fallen asleep about 30 minutes before now, but his fucking snoring is getting on everyone's (excluding Karl's) nerves by now.

George rolls his eyes, opening his text chain with Dream.

(Private Chat)

George- If I have to endure one more minute of sapnaps snoring i will commit a fucking murder

He hears a snort beside him, and he can't help but feel a little proud of himself as he leans into the arm of the couch.

(Private Chat)

Dream- tell me about it

Dream- i deal with this shit every night

George- do you hear it through the fucking walls?

Dream- paper thin baby

Dream- only the best

George hides his smile with his hand as he sets down his phone, letting it rest beside him as his eyes fall shut. He knows Dream saw it, the smile, judging by the small nudge his foot gets. As much as George wishes, he's not upset, not even when a blanket is thrown over his figure and his hair is ruffled. He's tired, and he can enjoy maybe the *smallest* bit of affection, as long as it isn't rubbed in his face.

He falls asleep to the sound of The Incredibles 2 and Sapnap's way-too-loud snoring.

Yeah, he's late for work when the time comes, but then 'Cafe Boy' comes in, and that's when George realizes he hasn't stopped smiling since he had woken up.

(Minecraft Gay-mers)

Fundy- I'm still fucking pissed at Dream.

Quackity- what happened?

Fundy- We watched The Incredibles 2 five times in a row, and he still couldn't fit in the time for Treasure Planet.

Dream- i havent seen it!

Fundy- That's why we should have watched it!

Dream- a movie is not enjoyable if you haven't seen it 118 times in your life

George- how do you start, then?

Dream- ... shut up. Dont pull this loophole on me

George- its just a question!

Wilbur- George and I were so late, we're lucky my dad owns the place

Wilbur- I'll add that my back hurts like a bitch

Schlatt- Don't fat shame me

Wilbur- I didn't say a single thing about your weight!

Wilbur- How would you feel to have a 6 foot tall man sleeping on your back all night?

Schlatt- Number one, I'm 6'1

Schlatt- Number two, I would enjoy it very much

Wilbur- You're so weird

Schlatt- We still on for tonight?

Wilbur- Duh, we just have to make sure Minx and Niki are still coming

Tommy- That was such a strange interaction

Skeppy- tommy i didnt know you know the word interaction

Tommy- Fuck you

Tubbo- oops

Tubbo- tommy you realize you're supposed to be in detention right now, right?

Tommy- ...

Tommy- Gtg

Bad- I hardly slept last night :((

Dream- if it makes you feel better, the only one who got a proper sleep was probably sap

Karl- he's concussed so it's valid

George- it's not valid when he snores for 3 hours straight

Sapnap- hey, hey george

George- ???

George- you should have seen his face, like, ponk was three seconds away from punching the dude and then a handsome man does it for him

Dream- is he okay?

George- yeah, he's all good

Dream- and you?

George- please, my homophobic aunt has called me worse

Wilbur- The dude is lucky Sam wasn't there

Wilbur- Like, Sam is a sweetheart but I think he'd commit actual murder if he saw that happen to his 'Ponkie'

Bad- Sam is very protective of his friends

Wilbur- You know him?

Bad- Mhm!

Dream- i know him too lmao

Eret- oh no

Eret- is sam the new me

Tubbo- ranboo is 6'6!

Tommy- Imagine being shorter than Ranboo by an entire foot

Tubbo- that is just plaid rude

George- why tf is everyone in this town either incredibly tall or incredibly short

Schlatt- As a tall person, shut up.

Wilbur- You're tall but like, the short of the talls

Schlatt- I have no idea what that even means.

Sapnap- karl, whens james going over?

Karl- around 7!

Sapnap- mkay

Sapnap- is he spending the night?

Karl- maybe but if he is we wouldn't sleep on the same bed

Dream- that's my boy

Dream- stay pure

Karl- i have had a cock in my mouth before

Skeppy- THERE ARE CHILDREN HEREEEEEE

(Private Chat)

Sapnap- hey

Schlatt- Hello?

Sapnap- i was wondering if you have a boombox

Schlatt- What the fuck.

Schlatt- Why would you even ask me that?

Schlatt- Of course I have a fuckin' boombox.

(Private Chat)

Sapnap- I'm taking your car tonight

Dream- go wild

Dream- just don't have sex in it

Sapnap- no promises

Sapnap's unsure if this is the smartest thing he's ever done, or the dumbest.

He likes to think he's smart. He *knows* he's smart. He's a Comtech major. He knows how to code, he can pull apart a computer and put it back together.

Sapnap knows how smart he is.

Sadly, he also knows how fucking stupid he is at the same time.

He grew up being phenomenal at one thing, yet horrible at the next. He knows what he's good at, and he also knows what he absolutely sucks at.

Yet, as he's sitting in Dream's worn out 2007 Sebring convertible (Respectably named Janice, for some reason), he's unsure whether what he's doing is genius, or stupid beyond belief.

A part of him says he shouldn't do it, that he should let Karl be with whoever he wants, and that they can continue on as friends.

A bigger part of him says YOLO, so, y'know. Fuck it.

His momma didn't raise no pussy. He's ready to gain this grain.

That doesn't make it any less nerve wracking.

Sapnap gets out of the car in one swift movement, grabbing the boombox from the passenger's seat. Schlatt didn't lie about having one, he actually had several at the door once Sap had shown up. Way too many, Sapnap realizes.

There's a reason Schlatt's in crippling debt.

He walks through Karl's untrimmed lawn, standing outside his bedroom window. He probably looks like some weirdo stalker, now that he thinks about it.

The light is on, which is a good enough sign that Karl's in there. With James.

He shakes his head. If this doesn't work, then what will?

With a heavy inhale, he clicks the boombox on (which he had been practicing for almost an hour), holding it up over his head with two hands and a devil's grip.

The sound of Breaking Free from High School Musical fills his ears, and for some reason, he's smiling.

Yeah, he's totally got this.

(Minecraft Gay-mers)

Mega- Don't fucking speak to me.

Skeppy- so not mega

Skeppy- so that leaves...

TapL- what

TapL- wait

Skeppy- harvey.

TapL- NO

Skeppy- be my girlfriend.

TapL- DONT YOU DARE GET NEAR ME I FUCKING SWEAR TO GOD

Harvey's unsure if he wants to kill Skeppy or himself in this moment.

He's sitting against Finn's bed, everyone (except Zelk) surrounding him as Finn expertly applies makeup to his face. It's not like he *hates* wearing makeup or anything- Harvey likes to think he's in touch with his feminine side, but the wig? It's making his fucking head itchy, and he knows for a fact the moment he stands up in these heels he's going to fall face first. Despite all of this, though, he's still sitting on the bed, and he's still preparing himself to be Skeppy's fucking girlfriend.

"Stop fucking blinking." Finn's voice pulls him from his thoughts, Harvey heaving a sigh. Spifey was supposed to back him up- Spifey *always* backs him up! So why the fuck isn't he telling Skeppy to go fuck himself?

Harvey makes a mental reminder to *not* get Spifey any Chips Ahoy cookies next time he goes grocery shopping.

"Can I put the heels on him?" Vurb asks, holding up a pair of black stilettos. Harvey's eyes go wide, making Finn let out a groan.

"You are not getting near my fucking feet." Harvey hisses at him, but closes his eyes when Finn gives him *the look*. It's the look that he gives when he's seconds away from pulling out one of his knives and stabbing you, and despite Harvey questioning his life in this moment, he doesn't want to get stabbed. He's not about to die with his face caked and a wig on his head.

Finn finally finishes up, pulling away with a triumphant grin. "You look perfect." He claims, before beginning to unbutton Harvey's shirt. Harvey quickly swats his hand away, eyes wide.

"What are you doing?!" He yelps out, scooting slightly away from Finn. With his makeup done, he can finally get a good look at everyone in the room. Mega's sitting on a dresser, a grin on his lips. Vurb is behind Finn, watching the entire process *way* too closely. Spifey's been beside him this whole time, a book in hand. Skeppy's on his phone, swivelling around in Finn's desk chair. Harvey wants to punch him *so* fucking bad.

"I have to give you fucking cleavage, Dude." Finn laughs, causing Harvey to redirect his eyes back to him. Harvey sighs, scooching back in front of him as Finn grabs contour. Now his chest needs to be fucking caked too?

He turns his head back to Spifey, who's still reading. Of fucking course Spifey's reading during his mid-life crisis. That fucking dick.

“Geo,” Harvey speaks up, causing Spifey to look up. Harvey puckers up his lips- might as well try and make light of what’s happening. “Do I look pretty?”

Spifey huffs out a laugh, nodding. Harvey tries to ignore the feeling of a beauty blender against his non-existent boobs, and tunes out Vurb who’s making fun of him for having no chest hair.

“You look stunning, Harvs. Absolutely gorgeous.” Spifey responds. Harvey can’t help but smile- okay, so, maybe Spifey is, in fact, his favourite friend. The smile drops, however, as soon as Spifey pulls out his phone, pointing it toward him.

“Smile again,” Spifey commands, grinning. “I’m sending a picture to Zelk.”

Scratch everything Harvey just thought. Spifey’s the fucking worst, and he wants to punt him.

(Private Chat)

Bad- Quackity

Quackity- yes

Bad- I just met his girlfriend

Quackity- oh?

Bad- His girlfriend is apparently Harvey in drag

Quackity- what

Bad- Harvey in drag

Bad- Don’t tell Skeppy I know, though

Bad- It’s kind of funny watching Harvey try not to slip in heels

Quackity- DUDE SKEPPY’S TRYING SO HARD TO MAKE YOU JEALOUS

Bad- What?

Quackity- OH MY GOD DUDE KISS HIM

Bad- What?! Quackity!

Quackity- FUCKING DO IT

Bad- Language!

Quackity- IM DONE DEALING WITH SO MANY OBLIVIOUS BITCHES JUST FUCKING KISS HIM I

Bad- Language, Quackity!

Quackity- kiss him or im sending him screenshots of you simping for him

Bad- You wouldn't

Quackity- you know I would

Bad- ... Fine

Quackity- fucking FINALLY

Bad's terrified.

He's about to *kiss* Skeppy. Skeppy! *His* Skeppy!

Of course he's always wanted to- it's so obvious it hurts. Everyone but Skeppy has caught onto Bad's feelings for the male, and maybe, *maybe* Skeppy likes him too. If everyone but Skeppy knows Bad's whipped for him, then maybe everyone but *Bad* knows Skeppy likes him back.

So, yeah, he's about to kiss Skeppy. His hands are shaking, sure, but he's going to do it. He needs to do it. Maybe it'll stop Harvey from embarrassing himself falling over his feet every step he takes.

He moves his eyes to Skeppy, who's looking right back over at him. Okay, he's got this. It's just a kiss. He can do this.

With a heavy breath, he stands up, crossing the room over to Skeppy. It's a kiss. It's only a simple kiss.

Bad swallows, trying to ignore Skeppy's confused look as he sets both of his hands on his best friend's shoulders.

"Bad, what are you-"

Bad kisses him.

Skeppy doesn't hesitate a single second to kiss back.

(OG IDots)

TapL- why the fuck did i do that

Skeppy- HE KISSED MEEE

TapL- i fucking know so once again WHY DID I FUCKING DO THAT FOR YOU

Skeppy- Im asking him to be my boyfriend <3

Zelk- you looked fucking FIRE

Spifey- Harvey why tf are you

(Minecraft Gay-mers)

Bad- Guys! Guess what!

Eret- ???

Bad- Skeppy asked me out :)

Dream- took long enough

Skeppy- oh you are not allowed to fucking talk

Skeppy- now there's one more couple that needs to get together

Quackity- its me and fundy, right?

Wilbur- I hate to tell you this, Quackity, but the only one who actually cares about you and Fundy

is literally you

Quackity- what the fuck

Chapter End Notes

Me, after disappearing for a month and suddenly returning with a new chapter: Heyy, hey... how y'all doin?

Bad- I just want a dog :(

Chapter Summary

Finn- just went out to check and the slashes look like they were done by a first timer, probably some high school kid

Finn- god, it looks like they didn't even deflate the tire beforehand

Vurb- why would you have to do that exactly

Finn- have you learned nothing

Finn- the power that the air comes out if you dont deflate it could be enough to cut you deep enough for stitches

Vurb- my apologies for not knowing proper tire slashing etiquette

Chapter Notes

Quick author's note before we start

I'm sorry I dipped for like ever LMAO

Honestly I lost motivation, and there were so many works coming out that just blatantly copied this one and I just really couldn't do it anymore.

I've said in the past that I'm okay with people writing fics inspired by this one and such but please put them under the related section.

ANYWAY a new chapter's out YAYYYYYYYYYY
